

15th April 2016

Dear Parents and Carers

Welcome back after a lovely Easter break. The outside area is nearly finished apart from has a few more safety finishing touches.

Technology week has been a great success. The children enjoyed looking around school spotting all of the different types of technology we use each day. They have become experts at using the beebots and the remote control cars.

Next week we will be starting our 'Green Fingers' topic with the story of Jack and the Beanstalk as well as planting our first seeds.

In phonics the children will be learning to hear those 'hard to hear' sounds at the end of words ending in st, nd, mp, nt and nk. We always see lots of 'wet' words when they really want to write 'went'!

In maths the children will be adding on 1, 2 and 3 to numbers up to 20. They will be asked to count on by keeping the first number in their heads and then saying the numbers in order to find the answer.

Finally we would be very grateful for a contribution of £3.00 towards baking this term.

Have a lovely weekend.

The RMS Foundation Team
